	aided schools, ie the people of the village should provide not only a schoolhouse but should also find part of the recurring expenditure to supplement the Govt grant-in-aid. It is only girls' schools, schools for panchamas, mahomedans or Mal would be started as Govt schools. A proportion of the aided boys' schools would be converted into Govt schools if they showed sufficient progress.
	9 The policy laid down by Govt differs materially from that recommended by the Cmttee & it is desirable to make the intentions of Govt quite clear.
	10 In certain parts of the State as in the Malnad it may be necessary to open more Govt schools for boys also instead of aided schools.

12 The Resolution of the Conference is in very general terms and would entail heavy cost if accepted as it stands. So much in the Headroad, more Govt schools for boys are needed and proposed by Der Kentbaan, the boys I have included in the list of new schools to be submitted Govt for sanction 55 boys' schools in the Shenaya Dt. In the Shenaya and Kadur Dts, 10 and 15 aided schools have been opened till now and I do not find that the people come forward so readily for such schools in the two Dts as they do in other Dts. Especially, more Govt Boys' schools may be given for Headroad parts than for the Malnad parts. In every case however, a building for the school should be insisted on, though in a bigger way for the Malnad

about our Sankalpa (Policy) very often. One such order (not referred to in the draft) was issued in July last. This order (if necessary at all) should be made Continuous and consistent with it. A Shorter draft referring to it and putting in only the necessary additions may be more suitable. I have made some alterations in the draft but perhaps the Secretary can produce a better draft by recasting this altogether.
